WHY YOUR BUSINESS NEEDS BULK VOICE CALLS

Traditional communication channels oftenfall short, emails go unread, SMS messages lack a personal touch, and manual calling drains time and resources. Businesses struggle to reach customers instantly, deliver consistent messages, and maintain meaningful engagement at scale. Bulk voice call services solve these challenges by enabling automated, personalized voice messages that connect with thousands of customers in minutes, ensuring higher response rates and stronger customer relationships.

3X HIGHER ENGAGEMENT

- Instant Reach
- Personalized Voice Messages
- Mass Communication
- Smart Scheduling
- Real-time Reports
- Stronger Connections

HOW IT WORKS

Upload your contact listand recordor upload your voice message in thelanguage of your choice. The platform accepts multiple audio formats and list structures.

The system dials thousands of numbers simultaneously, delivering your pre-recorded message to each recipient with consistent clarity and speed.

Schedule campaigns for specific dates and times or trigger instant calls. Define retry rules for unanswered numbers to maximize reach and engagement.

Track live delivery status, answered calls, call duration, and responses. Export detailed reports to measure campaign performance and ROI.

Reach Thousands Instantly

Schedule & Automate Your Calls

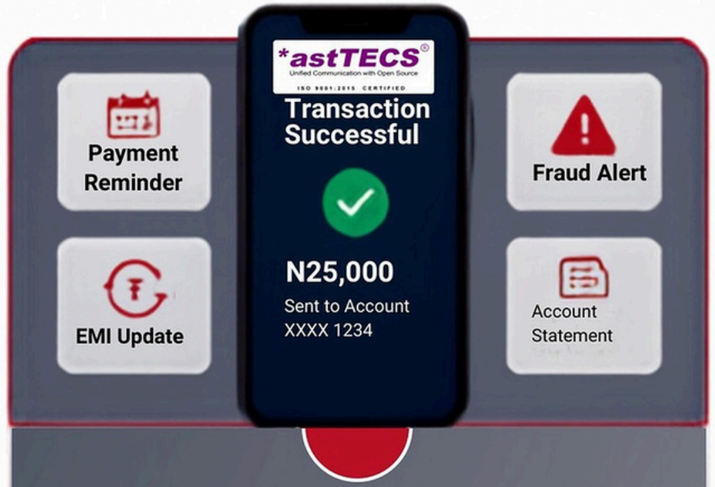

Track Performance in Real Time

Reliable Support Every Step

USE CASES

Retail & E-Commerce: Promote abandoned cart reminders, order confirmations, and personalized offers to drive conversions and repeat purchases.

Banking & Finance: Send payment reminders, OTP alerts, fraud notifications, EMI updates, and account statements with secure, reliable voice delivery.

Healthcare & Education: Share appointment reminders, health camps, fee reminders, exam schedules, and admission updates to improve engagement and reduce no-shows ETC.

High Delivery Rate

Crystal Clear Voice Quality

24/7 Support You Can Trust

BENEFITS

COST-EFFECTIVE OUTREACH

Bulkvoice calls reduce campaign costs compared to manual calling or traditional media, letting you reach thousands of recipients at a fraction of the expense while maintaining consistent messaging quality.

HIGH ENGAGEMENT RATES

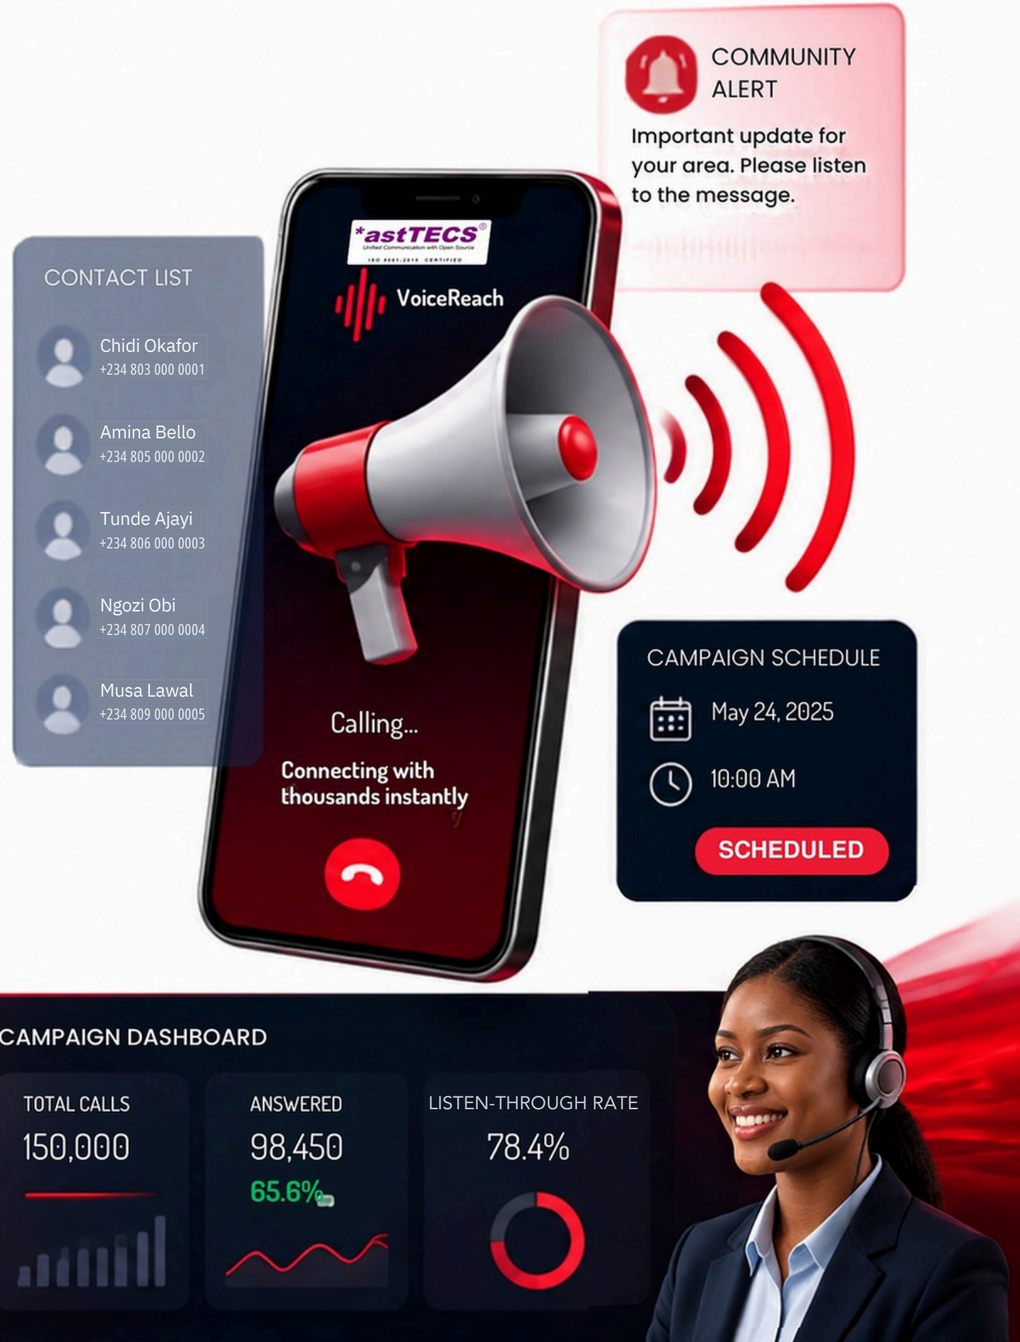

Voice messages capture attention more effectively than text alone, leading to higher listen-through and response rates, especially when messages are delivered in local languages or familiar tones.

INSTANT SCALABLE DELIVERY

Launch campaignswithinminutes and scale effortlessly from hundreds to millions of calls, making bulk voice calls ideal for time-sensitive alerts, promotions, and announcements.

PERSONALIZED CUSTOMER EXPERIENCE

Usedynamic voice variablesto address recipients by name, reference account details, and tailor content, creating a more human and relevant connection at scale.

Speak their language.

One message. Three familiar voices.

ABOUT US

ABOUT MIRALOYD

INTEGRATED TECHNOLOGY SOLUTIONS

Miraloyd Global Consult Limited is an integrated technology solutions provider that designs, deploys and supports communication, connectivity, software and IT infrastructure for businesses, institutions and public-sector organisations. Our work helps people communicate better, keeps offices and remote locations connected, supports the development of digital systems and strengthens the IT infrastructure behind everyday operations.

Services include unified communications, internet connectivity, software and digital solutions, cloud and data centre infrastructure, cybersecurity, backup and disaster recovery. We also provide managed IT services and technology consulting.

Communications is a core part of our work. Our services cover cloud and on-premises IP telephony, contact centre solutions, customer engagement platforms and mobile communications. We also provide IVR, voice services, AI-powered communication and collaboration tools.

We provide the networks and infrastructure that keep offices, staff and systems connected. We also develop and integrate software, digital tools and AI solutions to improve business processes and connect the systems an organisation uses.
